

Re-Branding of Wavin PP-R Piping Systems Completed on Turkey plant

We started our PPR Portfolio rebranding actions in the beginning of this year and today we are proud to say that transition from "Pilsa PP-R" to "Wavin PP-R" completed! We will continue to serve our customers in better way under Wavin's global manner.

What changed?(*)

- Injection molded fittings engraved markings.
- Pipe markings
- Fitting boxes and box labels
- Fitting bags and bag labels
- Pipe bags and bag labels
- Tools branding
- Marketing materials like brochures.
- Product certificates

*Please check additional document to see before & after versions

Every change in above already completed inhouse but due to extensive portfolio of products, we may deliver some product in old branding. Thank you for your patience and kind approach in this period.

It was a long journey in many aspects. First of all thanks to our valued customers for their patience in this transition period. Then we say thank you to all project stakeholders for their contribution and efforts.

If there are questions or concerns, please contact your local Wavin representative.
